

Supplemental Questions for GSP Selection:

Please return by COB on Tuesday 2/14

1. Please describe how you would approach an overall GSP for the Salinas Basin but with individual discussions or approaches for the subbasins.
2. Please describe how you would approach a management area agreement with the Marina Coast Water District for management of a portion of the Monterey subbasin.
3. Please describe how you would address management of the Paso Robles subbasin if our GSA cedes primary responsibility for that subbasin to the San Luis Obispo County GSAs in the Paso Robles subbasin.
4. Please describe how you would address the intersection of our GSA's authority to that of the Water Resource Agency's authority, especially with respect to operation of the dams at the two reservoirs and the ordinances for well destruction
5. Please describe how you would recommend utilizing 11043 water based on circumstances as you know them today.
6. Though SGMA says the GSP is exempt from CEQA there are many opinions about when and how CEQA may become activated in the planning process. Please describe the relationship, as you understand it between SGMA and CEQA.
