

PUBLIC NOTICE
Salinas Valley Basin Groundwater Sustainability Agency

On 3/14/19, the SVBGSA Board adopted Resolution 2019-4 releasing Chapters 5 of the draft Valley-Wide Integrated Groundwater Sustainability Plan (GSP) and the 180-400 Foot Aquifer Subbasin GSP for a thirty day public comment period. All draft chapters of the GSPs that have been released and the tentative schedule for release of future chapters may be viewed at <https://svbgsa.org/groundwater-sustainability-plan/> Comments may be submitted to General Manager Gary Petersen at peterseng@svbgsa.org

The GSPs are being prepared in keeping with the California Sustainable Groundwater Management Act of 2014. All chapters of these final GSPs must be completed and approved by the Board and filed with the California Department of Water Resources by 1/31/20.

Meeting information for the Planning and Advisory Committees' and Board's review of the GSP may be viewed at <https://svbgsa.org/meetings/> Once all chapters are complete and approved, a formal ninety-day window of public comment will be opened for the entirety of the GSP.
