MOCOWS Monterey County Water Systems

*Distributing information to concerned residents of Monterey County about the coming changes to our water, and what we can do about it*

A Presentation on the

# Salinas Valley Basin Groundwater Sustainabilty Agency

**By Gary Petersen**

**Senior Consultant/General Manager**

## May 14, 6:30 PM at the Prunedale Grange

17890 Moro Rd, Prunedale

**What does the future hold for our water?**

**Meters • Rationing • Fees • Infrastructure Projects**

Established in 2017 under California's Sustainable Groundwater Management Act, the Salinas Valley Basin Groundwater Sustainability Agency is tasked with the ambitious goal of developing a comprehensive groundwater sustainability plan by 2020 and implementing the plan to achieve basin sustainability by 2040.

The agency is run by an eleven-member board of directors. This relatively unknown agency will impact your water and how you use it. Learn more and what you can do to be involved!
